Annual Meeting of Richmond League Therefor Shows What Has Been Done.

FUNDS ARE BADLY NEEDED

Campaign for Increased Membership to Raise Same-Officers' Reports.

The Civic Improvement League, an organization effected May 10, 1904, held its annual meeting at the Mechanics' Institute assembly room last night with a fair attendance. The time of the meeting was chiefly consumed in the hearing reports of the officers and of the standing committees of the league, and at 10:45 P. M., when the meeting adjourned, the attendance had dwindled away noticeably. Many went to the Chamber of Commerce meeting instead of to the league.

personal solicitation and motivatal effort,
On motion of Rev. John L. Robinson,
the present officers of the league were
all re-elected by acclamation. Mr. Charles
B. Cooke is president, and Mr. L. McK.
Judkins is secretary. The other officers
and the committees are continued.
Almost the entire time of the meeting
was consumed with the reading of reports of officers and committees. The
first of these was that of Mr. Charles B.
Cooke, the president of the league, and
the chief mover in its organization. Mr.
Cooke reviewed the movement preceding
and since the organization, its achievements during its first year, and some ments during its first year, and some of the important matters which should enlist the energies and efforts of the league during the coming year.

Some Recommendations.

The president recommends the abandonment of the practice of removing the flithy sand from Shockee Creek for use on the streets, the removal of dump piles and an active campaign against tuberculosis, are some of the objects pressed upon the attention of the organization by its president.

Secretary Judkins's report was that the recording secretary had had little to do in that capacity, but had done much work as recording secretary. He also reported

as recording secretary. He also reported in some detail upon the work of the

in some detail upon the work of the free playground.

The report of Mr. George W. Warren on open air playgrounds was one of the most carefully prepared of those submitted, reviewing in detail the successful mitted, reviewing in detail the successius work along this line. It was supplemented by a report of Miss Arundell, in charge of the first free playground, giving a count in detail of the work being done at the playground and kindergarten. Mr. Warren in his report recommends the establishment of other playgrounds as soon as the necessary funds therefor can be secured.

as soon as the necessary funds therefor can be secured.

One of the most interesting reports made to the meeting was that of a Gommittee on Marking Historical Spois, submitted by Mr. Robert Lee Traylor. The report in full is herewith presented, embodying a great deal of information with which many of the citizens of behavior of the mond are not familiar:

To Mr. Charles B. Cooke, President Civic Improvement League, Blehmond, Va.:

Sir.—Your Commone on Marking Historical Spous best Commone on Marking Historical Spous best of the league in the line special-build spoke of the league in the line special submitted to us, we submit an culline of what as follows:

We recommend that the historical spots at Richmond to be marked by you be listed, subdivided in the following classes:

1.—Landmarks of the Colonial Period, 1507-1756.

11.—Landmarks of the Period of the Revolu-

1736. Landmarks of the Period of the Revolution, 1776-1781. III.-Landmarks of the Commonwealth, 1781-

1861. IV.-Landmarks of the Confederacy, 1861-1865.

IV.—Landmarks of the Contederacy, 18411855.

V.—Literary Landmarks, 1807-1905.

We recommend that the president, acting with this commattee, be authorized to contract with some respociable firm or corporation conducting a bronze fougdry, for furnishing, casting and delivering at Richmond, during a fixed period of time, at a uniform price for each, to be paid on delivering a sipulated number of bronze liablets, of medium size, say 18824 inches, uniform in size and design, with plain border, appropriate, brief legend in plain, caised letters, grammatically correct and historically exact and accurate, each tablet to bear the insigmia of the league and to be entirely free from any other attempt at ornamentation.

tirely free from any other attempt at orna-mentation.

That upon the occasion of the unveiling of each tablet, appropriate public exercises be held to which all the school children of Rich-mond shall be especially juvited, at which a short historical description of the spot marked shall be read, and a leaflet promptly there-after published, embracing a record of the exercises and publishing this historical de-scription.

after published, embracing a record of the exercises and publishing this historical description.

During the past year the United States monitor, "Monitark" was purchased from the governous to the Tredegar Company, and cut up here for scrap-iron. At the request of this committee, Colonel Archer Anderson, president of the Tredegar Company, has very obligingly reserved, and is now holding subject to the order of the league a section of the shot marked turred of that steamer.

We recommend that application be made to the City Council for permission to set up in one of the city pariss, say Gamble's Hill Factual Section of the substantial to the City Council for permission to set up in one of the city pariss, say Gamble's Hill Factual Section of the tree of the Mr. William C. Noland, of this committee, Mr. George H. Gwen, assistant secretary of the Navy League of the United States, had prepared by Mr. Nesser, of that league, an accurate "War League of the United States, had prepared by Mr. Nesser, of that league, an accurate "War League of the United States, had prepared by Mr. Nesser, of that league, an accurate "War League of the United States, had prepared by Mr. Nesser, of that league, an accurate "War League of the United States, had prepared by Mr. Nesser, of that league, an accurate the termination of the Marking and printed in the leaflet to be therefore published.

MR. DILLARD'S EXPERIENCE.

Courthouse, Va.:

Dear Sirs,—I suffered greatly for several mouths with Indigestion, which my physician said was caused by eating rapidly. I had the best medical treatment, but found little of no relief. I was induced by Mr. J. A Smith to try the use of the Ottorburn Water, and commenced using it about two mouths ago (without having any faith in it, and it has cured me entirely. Its benefits to me are incatefulable. It can't be valued too highly. It has made a hew man of me, RICHMOND F. DILLARD.

JOHN C. ROWAN.

## Rheumatism.

Prof. E. E. Phelps, of Dartmouth University, the discoverer of the formula of Paine's Celery Compound, always maintained that rheumatism could be traced back to diseased nerves that failed to do their work properly.

Bear this in mind while reading the letter of John C. Rowan that follows.

Mr. Rowan wrote us over 10 years ago telling us how much he was being helped by Paine's Celery Compound. We wrote him a short time ago to find out if he still relied on Paine's Celery Compound.

"Yours of the 2d inst. is at hand, and in reply would say that I have never had any cause to change my epinion as to the good qualities of Paine's Celery Compound. As you are aware, some ten years or thereabouts ago, I was a martyr to rheumatism, and suffered intense pain with it in my hases! Could not rest at night but walked. knees; could not rest at night, but walked the floor with pain."
"All manner of remedies were tried; some gave me temporary relief, others have had

gave me temporary relief, others have had no effect whatever.

"Now, my reasons for taking Paine's Celery Compound in preference to other remedies was that onl an occasion once before. I had taken two bottles of Paine's Celery Compound and was releved so much that I did not take any more at that time, after my ex-perience with other remedies which did me no good. Later, I was positive then that I had not given Paine's Celery Compound a fair, trial to cure me absolutely of rheuma-

"I concluded to take twelve bottles, and I

"I concluded to take twelve bottles, and I did so, and I can assure you that you have a compound that is honest, and a sure destroyer of rheumatism.

"I have found it so, for up to this present date I have never felt any symptoms of rheumatism. I take it every spring, but for the blood only.

"Now, we have a remarkable case here in one of our schools the language."

"Now, we have a remarkajble case here in one of our schools, the janitor, Mr. William Garlow. He is a man between seventy and seventy-five years of age.

"He had suffered very much with rheumatism, so he felt he must give up his position. I had frequently recommended Paine's Celery Compound to him, and, like myself, he had taken one or two bottles of it, but did not give it a fair trial. I informed him of my case, and said: "Try a dozen bottles, and it will convince you that my statement is correct." He purchased five bottles; one he kept at the school, so he could take it as directions call for. Now he is well and feeling better than he hasifor years, and is a strong supporter of Paine's Celery Compound. His address is, William Garlow, Oakdale avenue, or Humboldt High School.

"Others have asked if it is a fact that Paine's Celery Compound has done so much for me and keeps me so healthy.

"That and the way! I live have been the cause. At the time I had the rheumatism I was affected with catarrh. You can be assured I shall always be a friend of Paine's Celery Compound, for I am Indebted to it—a debt I can never pay. You can refer to me and use this letter as you see fit in the cause

debt I can never pay. You can refer to me and use this letter as you see fit in the cause of Paine's Celery Compound. I am, yours truly." John C. Rowan, 137 East Winifred street, St. Paul, Minn.

When you are sick in some part of your body, it is because some organ is not doing its work.
That is because THE NERVES ARE NOT
STRONG ENOUGH to keep that organ up to its work.

The better the Nerve Force the better all the organs can work and give perfect health.

Paine's Celery Compound feeds the nerves new power to send vitality and health to every part of your body, new courage to your heart, new animation to your brain.

Remember this-Paine's Celery Compound is the prescription of one of the most famous physicians this country has ever known, Prof. E. E. Phelps, of Dartmouth University.

All reputable druggists recommend and sell Paine's Celery Compound.

> WELLS, RICHARDSON & CO. BURLINGTON, VERMONT.

of the United States, had prepared by Mr. Nesser, of that league, an accurate "War Record of the Montank," which, with the letter of transmission, dated dume, c. 184, is at tached to this report.

Worthy of Marking.

Worthy of Marking.

We attach also a memo, tentative list if some of the 4pots deemed by the some of the 4pots deemed by the some of the 4pots deemed by the first worthy of being marked as indicated in this report.

This list is offered now by way of suggestion only, and in the hope that those interested and informed, may aid the committee in perfecting a working list.

Respectfully submitted,

ROBERT LEE TRAYLOR, WILLIAM C. NOLAND.

EDWARD V. VALENTINE,

Committee on Marking Historical Spots.

training has been gradually introduced here, and it is the purpose of the board to enlarge the scope of the department when the proposed new High School building is constructed.

## Brahmin Water Clocks.

The Brahmins' clocks divide the day into sixty hours of twenty-four minutes each, called ghurees. Commonly a copper bowl with a very small hole in the bottom of it is placed on the surface of the water and gradually filled. If the hole in the bottom is correctly sized the bowl sinks in twenty-four minutes. This registers the duration of the spurce. An attendant thereupon empties the basin and strikes the hour of the day or night on the gong.

## One Killed; Nine Hurt.

BUTLER, PA. March 11.—The south-bound express on the Huffalo, Rochester and Pittaburg Ratirond was wrecked to night near McCalmont Station, three miles south of Butler, Engineer Edward J. Wilkes, of Dubois, Pa., was killed, and nine persons were injured. A spreading rail is believed to have been the cause of the accident. 

Several members of the Richmond Longer made a season by eating rapidly. I had the best medical incatinate, but found little or no relief. I was induced by Mr. J. A Smith to try the use of the Ottorburn by Mater, and commenced using it about two meanings of without having any faith in it, and it has cared me entirely. Its benefits to me are incatculable it can't be valued to highly. It has made a new man of me. AICHMOND F. DILLARD, For sale by

## FRATERNAL SOCIETY OFFICERS UNDER FIRE

Charged With Spending Unlawfully More Than \$30,000 Belonging to General Fund.

(Hy Associated Press.) CHICAGO, March 13.-A bill has been filed in the United States Circuit Court of Illinois by B. . FBuehler, of Cleveland, C., alleging that Chares El. Piper, secretary, and William E. Hyde, archon, of the Supreme Council of the Royal League, a fraternal society, have spent unlawfully more than \$30,000 belonging to the general fund of the organization during the last five years. It is a suit of county to re-cover the money and to enjoin these offi-cers from spending any more money in the general fund blegally and unlawfully.

## OBITUARY.

Mrs. Virginia Bernard Michaux. Mrs. Virginia Bernard Michaux died Sunday afternoon at 12:29 o'clock at the residence of her son, Dr. Jacob Michaux, No. 323 East Franklin Street, having reached the advanced age of eighty-three

years.

Mrs. Michaux was the widow of William W. Michaux, one of the most prominent men of Powhatan county, and a worthy representative of noted Huguenot

Mr. Michaux died in 1881. Two or three Mr. Michaux died in 1881. Two or three years later, Mrs. Michaux came to Richmond to make her home with her son. She had since continually been a resident of Richmond, and was known and loved by hundreds who were not of her own family. By those closely connected with her by the ties of kinship, by those daily associated with her, she was devotedly and tenderly loved. For sontleness and sweetness of character, for the interest taken in the joys and sorrows of those about her, she had no superior. She was a congenial companion and warm friend to her grandchildren, despite the more than half a century difference in her age and theirs. For those who were sick she had the livellest sympathy, and in time of, sickness, she was the first to come. To the last, she was cheerful and bright.

come. To the last, she was cheerful and bright.

The final lilness appeared about six weeks ago, when a sight cold developed into pneumonia. During this period of illness nothing that loving attention and medical skill of the highest character could suggest was, spared. Day and night every want supplied. She passed peacefully to her rest with loved ones about her.

She leaves the following children: Mrs. B. R. Seiden, wife of Major Seiden, of Virginia Polytechnic Institute, Blackisburg; Mrs. J. B. Harvie and Dr. Jacob Michaux, of this city.

The funeral took place from the residence yesterday afternoon at 4 o'clock, the services being conducted by Rev. Landon R. Mason. The interment was made in Hollywood Cemetery.

Everett'A. Yates:

EverettoA. Yates.

Mr. Everett A. Tyates died yesterday at the home of his parents, No. 2118 M Street. Mr. Yates was twenty years of age, and was the eigest of five children. The funeral will take place from the residence at 4:30 o'clock this afternoon. Mrs. Sarah Ann Vaughan.
